Total Cost Range[1]	☐ Less than $50,000 ☑ $500,001 - $1,000,000 ☑ $50,000 - $100,000 ☐ $1,000,000+ ☑ $100,001 - $500,000
District Context	This large urban district, comprised of over 139,000 students across 240 schools, partnered with engage2learn (e2L) to support more than 260 middle school teachers, 75 campus leaders, and 30 Campus Instructional Coaches (CICs) across 23 middle school campuses. Grounded in e2L's research-based methodology, the partnership prioritized two key areas: Strategic Instructional Practices and Transformative Positive Culture. To ensure a high return on investment and sustained impact, the partnership's core support model was **job-embedded, role-specific coaching** for teachers, CICs, and campus leaders. Throughout our engagement, we served approximately 365 educators to accomplish the following goals:

---

[1] Includes any travel related expenses, etc.

	• Accelerate student outcomes through a focus on math achievement • Implement the Carnegie Learning curriculum effectively • Support instructional delivery and student engagement using research-based practices • Build internal capacity and foster a culture of continuous improvement

Timing	Participants	Name of PL	Description
Initial Project Launch	Campus Instructional Leadership Team	Leading with Equity: A Project Launch for Instructional Transformation (virtual)	**Key Supports** • Identify and shift limiting beliefs • Analyze how expectations influence student outcomes • Align their mindsets with instructional decisions that promote equity and are aligned with a high-quality curriculum.
Bi-Weekly	District Project Leads	Project Progress Collaboratives (virtual)	**Key Supports** • Biweekly Strategic Alignment • Agile Decision-Making • Impactful Progress Monitoring
