

Celebrating Five Years of Impact

Five Years of Smarter Partnerships

Since 2020, the Professional Learning Partner Guide (PLPG) has helped state and district leaders identify expert partners who provide high-quality, curriculum-based professional learning.

In just five years, the PLPG has grown into a trusted, nationally recognized tool that reflects a shared commitment to improving teaching and learning.

“The PLPG review process helps us think more critically about what teachers and leaders need in different phases of curriculum adoption and implementation, and it helps us ensure that we are messaging that clearly in our trainings.

Celebrating 5 Years of Impact

From 16-58 Partners

In five years, the PLPG has grown from just 16 approved partners in 2020 to 58 in 2025 — expanding access to high-quality professional learning providers.

9 States Using PLPG in Vendor Strategy

State education agencies in nine states now use the PLPG to guide vendor selection, ensuring districts have access to providers with proven expertise.

550+ Years of Reviewer Expertise

Our diverse review team brings more than 550 years of combined experience, ensuring every provider evaluation is rigorous, fair, and grounded in real classroom expertise.

80% of the Nation's HQIM Supported

PLPG providers demonstrate deep expertise in curricula that reflect more than 80% of the current HQIM market.
