

# HQIM Implementation Bootcamp

**Districts are demanding stronger HQIM implementation support. Is your organization ready to deliver it?**

Rivet Education's HQIM Implementation Bootcamp is a three-session, virtual learning series to build your expertise in the services districts are demanding: curriculum-based professional learning (CBPL) and high-quality instructional materials (HQIM) implementation support.

## Who is this bootcamp for?

Professional learning providers seeking to build their expertise in HQIM and CBPL and refine their service model to better support school systems.

## You'll learn how to:

- Map the HQIM implementation journey
- Measure and monitor implementation progress
- Help clients understand their HQIM implementation phase and implementation strengths/weaknesses
- Define and recognize CBPL and how to improve your services to align with HQIM
- Assess your organization's readiness to support school systems with implementation

## When:

2:30-4:30 p.m ET  
Session 1: July 16  
Session 2: July 23  
Session 3: July 30

## Costs:

\$350 per participant

Contact [info@riveteducation.org](mailto:info@riveteducation.org)  
for a group rate

## Why This Matters.

- **71%** of districts now use HQIM in at least one grade band in one subject.
- District leaders recognize the need for initial and ongoing support for teachers on their HQIM, but struggle to provide CBPL.
